

New Vision Packaging was delighted to be tasked with producing the new packaging for the Copperpot originals range

New Vision Packaging the UK's most creative and highly-skilled packaging business, was delighted to be tasked with producing the packaging for the new Copperpot originals range.

Stephen Shortland, managing director of New Vision Packaging, said “We were thrilled when asked to produce the packaging for Copperpot.

We wanted to ensure the colors of the range were exactly as required so we went to every length to make sure our customers were happy with the finished product.”

He continues, “We are delighted that Copperpot loves the cartons and look forward to hopefully producing more cartons like these.”

New Vision Packaging shall be exhibiting on stand H52 at the Packaging Innovations Birmingham 2018 exhibition.
